Perforations of the temporomandibular joint meniscus: arthrographic, surgical, and clinical findings (Graham & others), 35
Radionuclide skeletal imaging and single photon emission computed tomography in suspected internal derangements of the temporomandibular joint (Katzberg), 782
The relationship of TMJ clicking to palpable facial pain [abstract] (Rajchel), 548
Repair of the adult temporomandibular joint meniscus with an autogenous dermal graft (Zetz & Irby), 167
Stress: a common denominator for nonorganic TMJ pain-dysfunction [abstract] (Eichner), 406
Transcranial radiographs in the evaluation of craniomandibular (TMJ) disorders [abstract] (Wazney), 134

thrombin
Use of the electrosurgical knife and topical thrombin for hemostasis in split-thickness skin graft vestibuloplasty (Forman & others), 751

thymoma
Late-onset chronic mucocutaneous and ocular candidiasis and malignant thymoma [abstract] (Chuong), 67

titanium
Osseointegration and its experimental background [abstract] (Fiese), 273
Use of the titanium-coated hollow screw and reconstruction plate system in bridging of lower jaw defects (Raveh & others), 281

tongue
Alveolar soft part sarcoma of the tongue in a female neonate [abstract] (Chuong), 754
Case 51: soft tissue lesion of the sublingual and submandibular region [clinicopathologic conference] (Laskin & others), 453
Massive tongue necrosis secondary to temporal arteritis (Roseman & Granite), 682
Squamous cell carcinoma of the tongue and lower oral cavity in patients under 40 years of age [abstract] (Beck), 205

tooth (teeth)
Clinical and anatomic observations on the relationship of the lingual nerve to the mandibular third molar region (Kiesselbach & Chamberlain), 565
Dental extraction in a patient with congenital deficiencies of factors V and VIII (Takeuchi & others), 327
A method to accurately predict the position of the maxillary incisor in two-jaw surgery (Ellis & Gallo), 402
Periodontal evaluation of canines erupted through grafted alveolar cleft defects (Hinrichs & others), 717
Postradiation dental extraction: a review of the literature and a report of 72 episodes [abstract] (Hitchcock), 692
Responses of periodontal tissues and cementum following transplantation of teeth (Monsour & Adkins), 441
Use of the segmented LeFort I osteotomy to correct severe extrusion of maxillary posterior teeth or tuberosities [abstract] (Fiese), 205

tooth (teeth) extraction
Modified distolingual splitting technique for removal of impacted mandibular third molars: technqiue [abstract] (Dembo), 66
The rate of spontaneous closure at the site of the extracted mandibular first premolars [abstract] (Fredette), 135
Reevaluation of the lingual split-bone technique for removal of impacted mandibular third molars (Rud), 114

topical anesthesia
The anesthetic skin patch for topical anesthesia (Niamtu & others), 839

toxic shock syndrome
Postoperative toxic shock syndrome [abstract] (Silverberg), 341

trachea
Experience with iatrogenic laryngeal and tracheal stenosis [abstract] (Chuong), 842
Management of tracheobronchial disruption resulting from blunt trauma [abstract] (Mitchell), 756

tracheostomy
Cricothyriodotomy: a satisfactory alternative to tracheostomy? [abstract] (Chuong), 842

traction
Extracorporeal traction for fractures of the middle third of the face (Zachariades & Koundouris), 131

transplantation
Responses of periodontal tissues and cementum following transplantation of teeth (Monsour & Adkins), 441

trauma
Blunt carotid artery trauma associated with maxillofacial injuries: report of three cases (Popowich), 462
Chart for outcome prediction in severe head injury [abstract] (Aragon), 273
A convenient system for irrigating contaminated wounds of the maxillofacial region (Niamtu & Alexander), 133
Isolated fracture of the first rib associated with facial trauma (Theriot & others), 610
Management of tracheobronchial disruption resulting from blunt trauma [abstract] (Mitchell), 756
Pharyngoesophageal perforation after blunt trauma to the neck [abstract] (Hime), 477
Prolonged tracheal intubation in the trauma patient [abstract] (Onstad), 756
Recognition of intraabdominal injury in blunt trauma victims: a prospective study comparing physical examination with peritoneal lavage [abstract] (Ringgold), 205
The second impact in catastrophic contact sports head trauma [abstract] (Throndson), 841

Pleomorphic adenoma of the hard palate: an invasive tumor? [abstract] (Zieman), 755
Secondary malignant tumor of the temporal bone presenting as jaw joint dysfunction [abstract] (Zieman), 755
Simultaneous occurrence of an ameloblastoma and a squamous cell carcinoma of the mandible (Tucker & others), 127
Subclinical multiple myeloma (Hurt), 466
Submandibular and axillary schwannomas not associated with von Recklinghausen's disease (Attie & others), 391
Tumors of the Head and Neck in Children [book], 407
turbinate
Endotracheal tube obstruction due to impaction of the inferior turbinate (Ripley & others), 687

U

unicystic ameloblastoma
A pathologist's approach to the treatment of ameloblastoma (Gardner), 161

V

vascular lesions(s)
Congenital vascular lesions: clinical application of a new classification [abstract] (Chuong), 755
vertical maxillary excess
Histochemical study of the masseter muscle in patients with vertical maxillary excess (Boyd & others), 75
vestibuloplasty
Hydroxylapatite augmentation of the mandible with simultaneous mucosal graft vestibuloplasty (Shafer & Parnell), 749
Resorption of the edentulous mandible after a vestibuloplasty with skin grafting [abstract] (Wallace), 135
Use of electrosurgical knife and topical thrombin for hemostasis in split-thickness skin graft vestibuloplasty (Forman & others), 751
vitallium
A twenty-year evaluation of subperiosteal implants [abstract] (Wallace), 273

W

Warthin's tumor
The controversy of Warthin's tumor [abstract] (Kabot), 341
Malignant Warthin's tumor: an ultrastructural study [abstract] (Ingalls), 754
wiring
The role of the intraosseous osteosynthesis wire in sagittal split osteotomies for mandibular advancement (Sandor & others), 231
A simple technique for postoperative identification of maxillomandibular fixation wires (Gaul & Moss), 404
Zygomatic buttress to mental tubercle wiring for skeletal fixation (Heffex & Doku), 543
women
Women in oral surgery [letter] (Bennett), 553
wound(s)
A convenient system for irrigating contaminated wounds of the maxillofacial region (Niamtu & Alexander), 133
The efficacy of adhesive plastic incise drapes in preventing wound contamination [abstract] (Rajchel), 67
Wound geometry and the kinetics of wound contraction [abstract] (Wright), 341
Wound healing accelerated by *Staphylococcus aureus* [abstract] (Kabot), 66
writing
How to Write and Publish Papers in the Medical Sciences [book], 407

Z

zygomatic arch
External fixation of the unstable zygomatic arch fracture (Ash & Mercuri), 621
